WELCOME TO THE FUTURE OF FEELING GOOD WITH EXOREV

**Plant stem cell technology for
Skin rejuvenation and firming, hair regrowth and
strengthening**

**EXOREV is a unique cell bio-revitalization cocktail, made with exosomes from
Hottuynia cordata & Gossypium herbaceum stem cells
Formulated to stimulate cell repair and detoxify the skin and scalp**

We have developed the **“Fountain of Youth” with EXOREV**. Our very own plant stem cell technology from **Spain** provides cell support for **brightening, anti-wrinkle cellular strengthening, helps in treating melasma, post acne scars and promotes hair regeneration and regrowth.**

We use stem cell culture extracts from **Houttunia cordata & Gossypium herbaceum**, which strengthens the skin barrier & stimulates collagen in skin & scalp.

But, we didn't stop there!

Exorev is also packed with Red algae extract, vitamins & amino acids which stimulates cell repair & detoxify the skin & scalp.

About EXOREV

Anti pigmentation

It helps reduce melanin overproduction by calming inflammation and improving skin turnover, allowing pigmented cells to shed more efficiently.

Anti oxidant

Contain diverse antioxidant proteins
Increase cell survival against oxidative stress

Anti inflammatory

Promote collagen remodeling and extracellular matrix repair, preventing follicular miniaturization and help restore a youthful scalp structure.

Anti wrinkle

Promotes collagen and elastin synthesis, which restores skin firmness, improves elasticity, and visibly reduces the depth of fine lines and wrinkles.

Wound healing

Promotes faster skin regeneration by supporting cell renewal and tissue repair.
Deeply hydrates and strengthens the skin barrier to accelerate healing.

Hair regeneration & regrowth

Revives dormant follicles by improving scalp health and blood flow.
Strengthens the structure of new hair via keratin-boosting amino acids.
Protects and repairs

A powerful blend of plant exosomes + Vitamins + Amino acids + Marine algae
